

# Forescout Advisory Subscription

Forescout's **Advisory** subscription includes Professional Services engineering or architecture resources to assist with the evolution and expansion of customer's Forescout implementation. This is a yearly subscription providing up to 2 hours of consultation per month for twelve months from date of purchase.

Forescout Subject Matter Experts (SME) can review the current state of customer's network and advise or implement best practices to enable device visibility and control policies and/or planning for an enterprise rollout of enforcement/remediation actions.

Forescout Professional Services SME can also update Discovery, Classification and Assessment policies and help get the information and reports needed to meet customer's specific goals.
